International Credit Transfer Program

Supriya Mathew

**Associate Director & Head of Division, International Relations
Department,**

Division of International Affairs

International Credit Transfer Program

What should we tell the student about What is an International Credit Transfer Program?

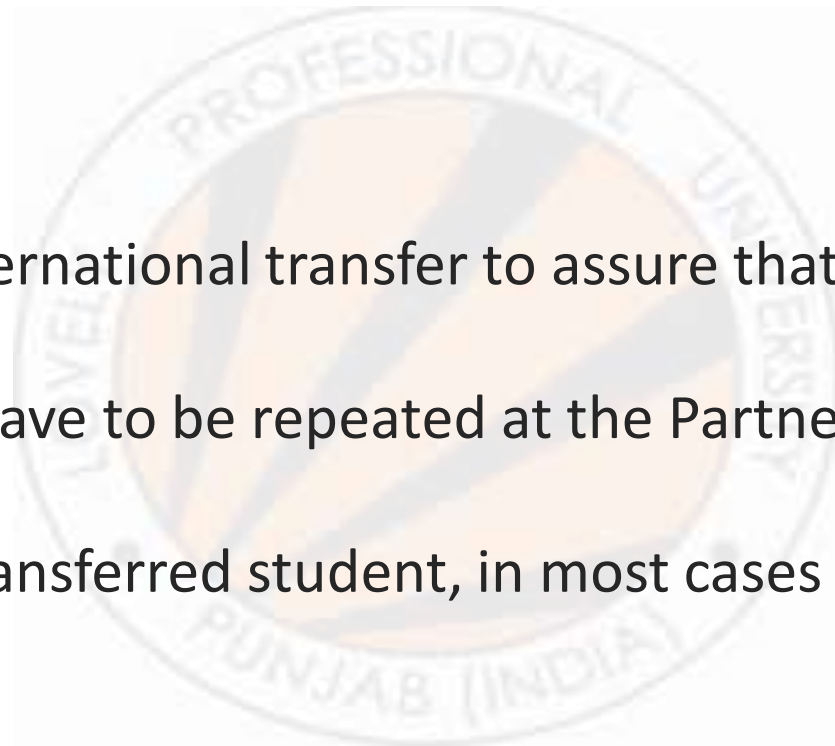

It is a planned transfer and articulated pathway for students who wish to complete their studies abroad in reputed Universities. Student will do the part of the programme at LPU and part at the foreign University.

The student will be doing 2 years at LPU and then take a transfer to the Universities which have been provided in the given list.

4 year UG Program	2 years at LPU	2 or 2.5 years at a foreign University
3 year UG Program	2 years at LPU	2 or 2.5 years at a foreign University
2 year PG program	1 year at LPU	1 years at foreign University

What is a International Credit Transfer Program?

- International credit transfer is done through very careful mapping of courses so that credits earned at LPU can be transferred to the host University.
- LPU gets the international transfer to assure that courses completed at LPU will not have to be repeated at the Partnering University accepting the transferred student, in most cases

Which degree will I get?

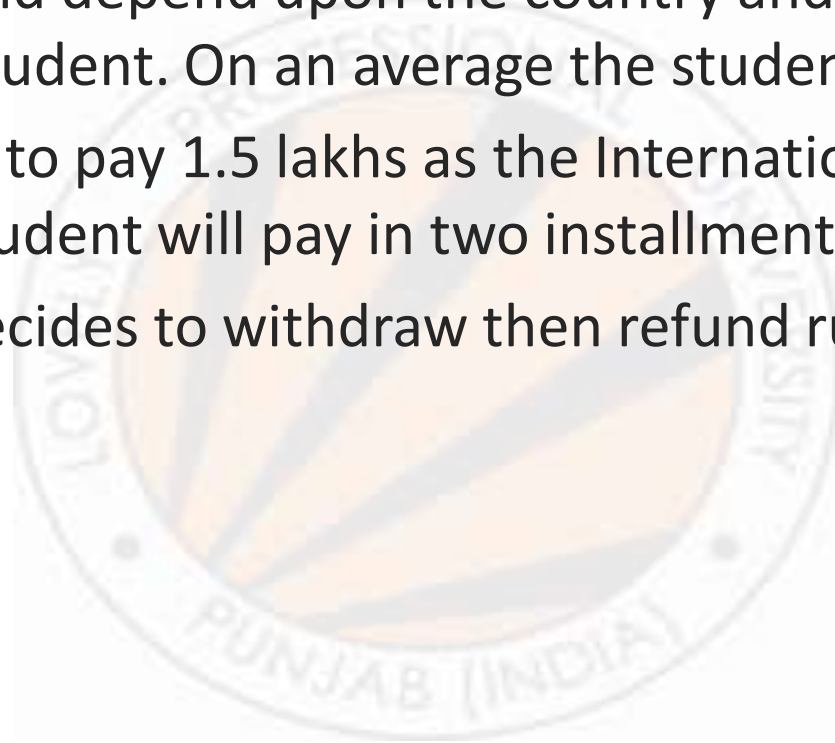

- The final degree is given by the foreign partner university!
- The name of the degree will be different from the degree at LPU!

Country	LPU Degree	Foreign Univ Degree	Reason
UK	B Tech CSE	Bachelor of Science	Because Computer Science is a Arts & Science program.
UK	BBA	Bachelor of Business or Bachelor of Arts, Business	
US	B Tech CSE	Bachelor of Science	Because Computer Science is a Science program

Where will I pay fee: LPU or University Abroad?

- For the years spend in the foreign Partner university student will be paying the fees to the partner university.
- The budget would depend upon the country and the university chosen by the student. On an average the student spends 25-30 lakhs
- The student has to pay 1.5 lakhs as the International Credit transfer fee which the student will pay in two installments
- If the student decides to withdraw then refund rules will be applied to the student

Where will I pay fee: LPU or University Abroad?

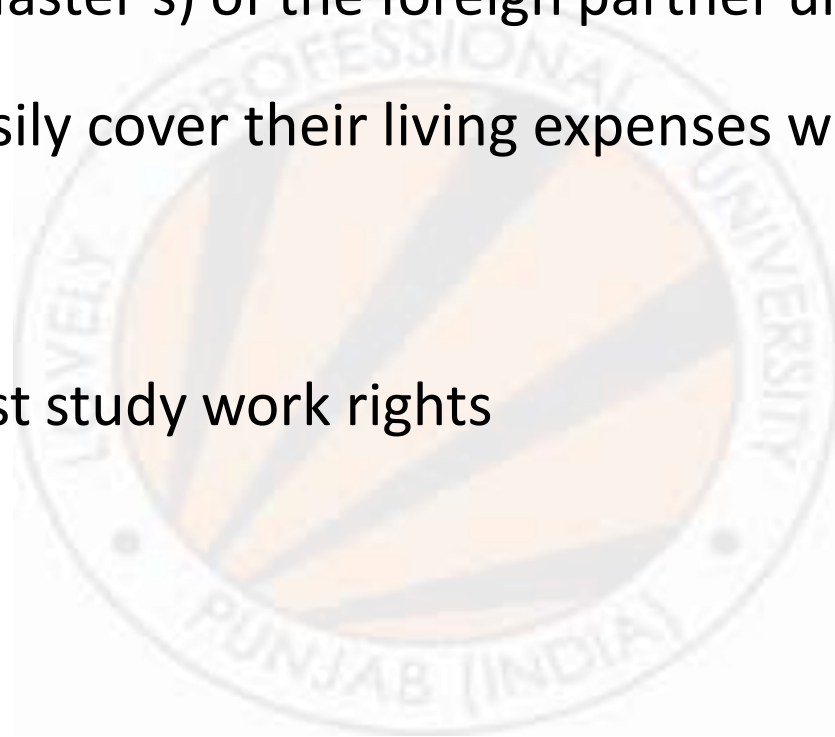

Country	Average Fee	Approx Living Costs	Payment Methods	Scholarships	Work Permits as of today
UK	15000 -20000 Pounds	9800 Pounds	9800 pounds 28 days before applying for visa. It can only be your parents and you. Fresh money is also ok but 28 days before applying for Visa	2000-3000 Pound, depends on the University	2 years
USA	25000-30000 USD	10000-15000 uSD	I-20 –tuition fees+living exp+books and supplies+ any other exenses- scholarship= Have to be shown before going First relative Liquidated fund, no assets Education loans	8000-15000 depennding upon the academic capability	3 year OPT, 1 year OPT

Where will I pay fee: LPU or University Abroad?

Australia	35000 AUD	20000 AUD	FDs, savings and education loan	15-25%	3 years' work permit
Canada	24000-30000 CAD	10000 CAD	Goes under SSD	NA	2-3 years' work permit
New Zealand	40000 NZ Dollars	20000 NZD	FDs, savings and education loan	NA	3 years' work permit

Benefits of International Credit Transfer Program

- It is amazingly cost-effective because you start the degree at LPU and save by paying only two-year fees (in case of Bachelor's) or one-year fee (in case of Master's) of the foreign partner university.
- Students can easily cover their living expenses with earnings from part time job
- Students get post study work rights

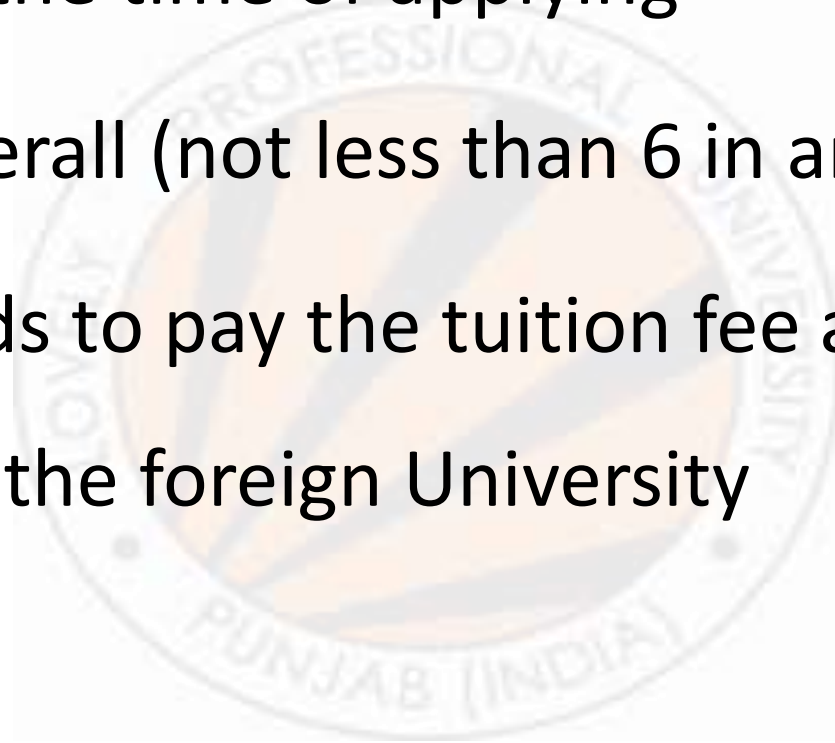

Benefits of International Credit Transfer Program

- Student may become eligible for taking a permanent residency abroad and settle abroad if you meet the eligibility criteria of the country
- Improve the chances of better remuneration when you are equipped with an International degree of your chosen field.
- Option of paid (Payment made to the student) industrial training at United Kingdom

Eligibility criteria to take transfer to Foreign University

- Minimum of 6.5 CGPA requirements with no backlogs at the time of applying
- IELTS 6.5 overall (not less than 6 in any module)
- Enough funds to pay the tuition fee and living expenses at the foreign University

Points to remember "Do's and Don'ts

1. 150000 INR is the International Credit transfer fee. The student has to pay from the beginning: To be exact: Second Semester and Fourth Semester.

Answer the Why: It is the cost of International Credit Transfer benefit that the University is giving to the students. There is nothing involved.

1. Every University has a different eligibility criteria. The student will be advised accordingly and will have to fulfill them
2. A student shall not be permitted to apply for the Credit Transfer option in a Country/ University of his/her own choice .The student can join a Partner/Receiving University as per the list provided by the University (LPU).
3. The student should have a valid passport with at least three year validity) before the application process for Credit Transfer Option is initiated.
4. A student may have to sit for English Language Proficiency Tests like TOEFL/ IELTS etc. or any other competitive examination like SAT/ GMAT etc. as per conditions prescribed by the Partner/Receiving University. Fee for the same is to be paid by the student separately

Points to remember "Do's and Don'ts

- 1. Visa depends on the file of the student and not University's responsibility ,Univ will give MoUs and every support for visa filing. The student can take external support for visa, if they require.**
- 2. Student can get a conditional offer letter which is the letter issued by the overseas host university offering admission to a student subject to conditions to fulfil. The conditions are mentioned on the letter and student has to fulfil those conditions in order to get an acceptance or unconditional offer letter to apply for a visa.**
- 3. If the student takes Programme Transfer University policy for programme transfer will be applicable and the student will have to incur charges as per the policy**
- 4. Don't advice them that take the ICT now and transfer into regular programs later on.**
- 5. Don't advice them that you can take admission into regular program and take transfer to ICT. There is an increased cost component of 50000 there**

Programs Available for Credit Transfer Program

Bachelor

1. B Tech (CSE)
2. B Tech (ME)
3. B Tech (ECE)
4. B Tech (Civil)
5. BBA
6. B.Com
7. BHMCT
8. BA Culinary Arts
9. B Design (Fashion)
10. B Sc (IT)
11. B.Tech. (Mechanical Engineering - Mechatronics)
12. B.Tech Biotechnology
13. B.Tech Automobile Engineering

Programs Available for Credit Transfer

Masters

1. MBA
2. M Tech Biotechnology
3. M.Tech. Electronics & Communications Engineering

Options available for International Credit Transfer Program in USA

Name of University	Programs
Northern Arizona University	B.Tech Computer Science Engineering
	B.Tech Mechanical Engineering
California State University, San Bernardino	B.Tech Computer Science Engineering
San Francisco State University	B.Tech Computer Science Engineering
University of North Alabama	BBA
	BCom
	MBA
	B.Tech Computer Science Engineering
Northern Illinois University	M.Tech ECE
Rowan University	B.Tech Computer Science Engineering
Murray State University	B.Tech Computer Science Engineering

Options available for International Credit Transfer Program in Canada

Name of University	Programs
Trent University	B.Tech Computer Science Engineering
	B.Sc. Information Technology
University of Lethbridge	B.Tech Computer Science Engineering
Brock University	B.Tech Computer Science Engineering
	B.Tech. Biotechnology
South Alberta Institute of Technology	BBA
	B.Com
Cape Breton University	BBA

Options available for International Credit Transfer Program in UK

Name of University	Programs
Heriot-Watt University	B.Tech Computer Science Engineering
	B.Tech Mechanical Engineering
	BBA
University of Huddersfield	B.Tech Computer Science Engineering
	B.Tech Electrical & Communications Engineering
	B.Tech Mechanical Engineering
	Bachelor of Hotel Management & Catering Technology
	B.Tech. Automobile Engineering
	B.Tech. (Mechanical Engineering - Mechatronics)
University of Greenwich	B.Tech Electrical & Communications Engineering
	B.Tech Mechanical Engineering
Nottingham Trent University	B.Tech Mechanical Engineering
	BBA

Options available for International Credit Transfer Program in Australia

Name of University	Programs
Curtin University	B.Tech Mechanical Engineering
	B.Tech Civil Engineering
	B.Design (Fashion)
	BBA
	B.Com
	B.Tech. Electronics & communications Engineering
Swinburne University of Technology	B.Tech Mechanical Engineering
	B.Tech Civil Engineering
	BBA
	B.Com
	B.Tech. Electronics & communications Engineering
	B.Tech. (Mechanical Engineering - Mechatronics)
	B.Tech. Computer Science Engineering

Options available for International Credit Transfer Program in Australia

Name of University	Programs
La Trobe University	B.Tech Civil Engineering
	B.Com
James Cook University	Bachelor of Hotel Management & Catering Technology
	BBA
	B.Com
	MBA
University of Newcastle	BBA
	B.Com
	B.Tech. Computer Science Engineering
Deakin University	B.Sc. Information Technology
	B.Tech. Computer Science Engineering

Options available for International Credit Transfer Program in New Zealand

Name of University	Programs
Massey University	B.Tech. Electronics & communications Engineering
	B.Tech. (Mechanical Engineering - Mechatronics)
	M.Tech Electronics & communications Engineering
Lincoln University	MBA
Victoria University of Wellington	B.Com

Options available for International Credit Transfer Program in Europe

Name of University	Programs
Vytautas Magnus University, Lithuania	B.Tech. Biotechnology
	M.Tech. Biotechnology
